ORGANISING COMMITTEE

Shri Ayurved Mahavidyalaya, Nagpur has been a great source for coordination, training, orientation and research extension. Our core team works with the unique approach to bring the array of intellectuals under one roof to perfect the fringe of knowledge. Our institution’s objective is to provide great platform and opportunity for academicians, scholars, researchers to articulate various issues and untouched areas where the intervention is needed. The department of Panchakarma has strong roots in theory and practice commensurate to the profession.

Objectives of seminar:
Today’s advanced world has led the rich set of circumstances for panchakarma graduates in terms of medical practice, job opportunities, research, biotechnological engineering etc. Based on the fundamentals of Ayurveda, Panchakarma procedures impart imperative, promotive and curative outcomes. Its profound impact has been widely accepted on certain key areas like Neurovax system, Microvascular system, etc. The merits of therapy secured in the selection of the patient, the disease condition for procedure, use of proper medicines & dosages, the logistic and well-structured panchakarma set-up. If the said protocol is violated, panchakarma theatre may face the consequences. Objectives must also be aware of all the state & central legal provisions and new governance aspects/nike NABHetc. while practising panchakarma.
